LITIGATION SECTION/ATTN [REDACTED]

A PAPER COPY OF THIS RESPONSE AND ATTACHMENTS WILL BE  
HANDCARRIED TO [REDACTED]

1. This is in response to William A. Davy's 13 December 1993 FOIA request and subsequent litigation for records pertaining to Project QKENCHANT AND Project ZRCLIFF. Specifically, in light of the fact that DO is not sustaining its initial and appeal Glomar determination, the Directorate of Administration (DA) was asked to produce the 9 documents that we had initially located in response to this request.

2. Accordingly, the Center for CIA Security (CCS) conducted a search and located the 9 documents in full text form. Copies of these documents are attached at Tab A.

3. As a result of the litigation (DA was not involved in the appeal), the DA rereviewed the deletions initially made in documents numbered 1-4, 8 and 9 and we have determined that additional information can be released in documents numbered 1 and 3. We sustain our initial deletions in documents numbered 2, 4, 8 and 9. Copies of all of these documents are attached at Tab B. This concludes DA's action on this request.
